Chopper	32
Hélicoptère	
Round & Round Ride	35
Tour rond et rond	

EN Building with K'NEX

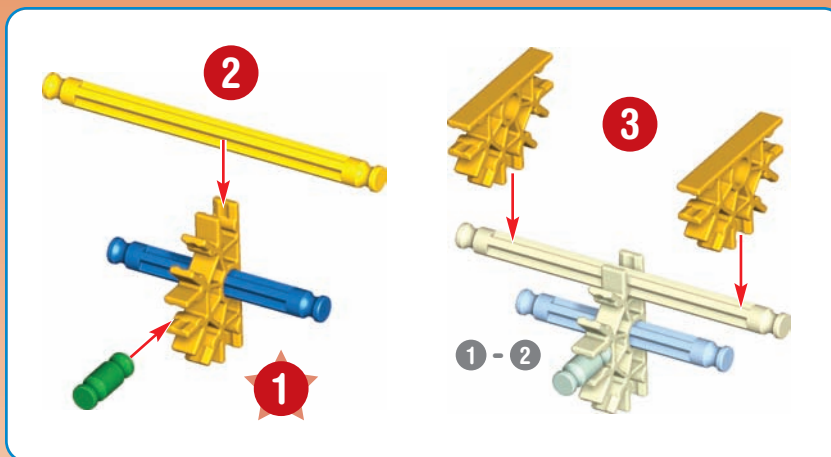

To begin your model, find step number 1 and follow the numbers. Each piece has its own shape and color. Look at the pictures, find the pieces that match what you see and connect them together. It helps to face your model in the same direction as the instructions while you build. The arrows show you where the parts connect, but not all connection points have arrows. The faded color parts are the ones you have already put together.

FR Construire avec K'NEX

Pour commencer ton modèle, trouve l'étape numéro 1 et suis les numéros. Chaque pièce a sa propre forme et sa propre couleur. Regarde les illustrations, trouve les pièces qui correspondent à ce que tu vois et assemble-les. Pour t'aider pendant que tu construis, oriente ton modèle dans le même sens que les instructions. Les flèches t'indiquent où les pièces s'assemblent, mais les points de raccordement n'ont pas tous des flèches. Les pièces de couleur délavée sont celles que tu as déjà assemblées.

ES Construcción con K'NEX

Para empezar tu modelo, es necesario buscar el paso número 1 y seguir los números. Cada pedazo tiene su propia forma y su propio color. Mira las imágenes, busca los pedazos que corresponden con lo que se ve y conéctalos. Durante la construcción, te ayudará si tienes el modelo en la misma dirección que las instrucciones. Las flechas muestran donde las partes se conectan; sin embargo, no todos los puntos de conexión tienen flechas. Las partes descoloradas son las que ya se han conectado.

EN Connectors

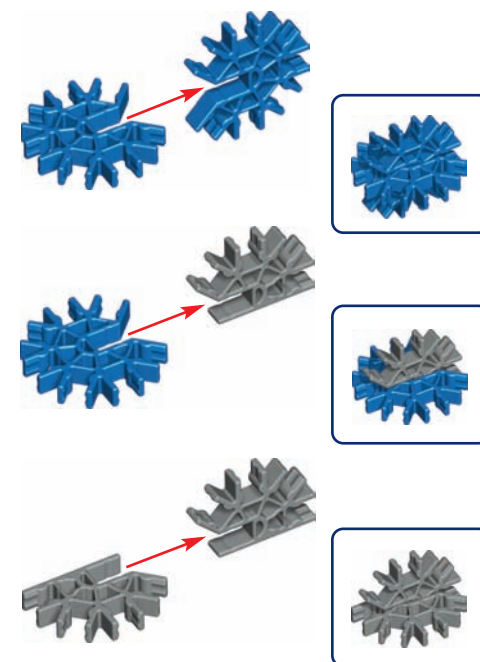

There are blue and gray connectors with special long slots. They slide together as you see in the pictures. Push these parts together until you hear a "click."

FR Connecteurs

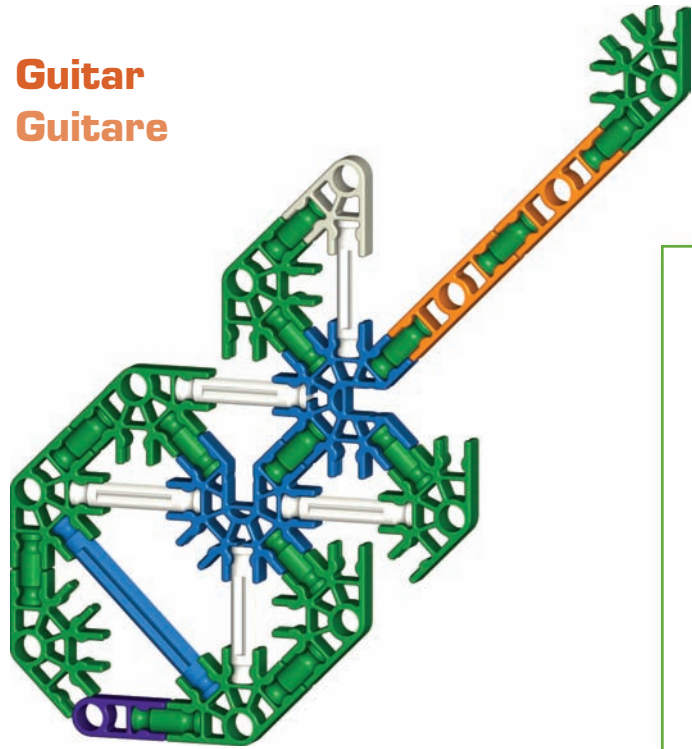

Il y a des connecteurs bleus et argentés comportant de longues fentes. Ils s'ajustent l'un dans l'autre comme l'indique l'illustration. Pousse ces pièces ensemble jusqu'à ce que tu entendes un "clic".

ES Conectores

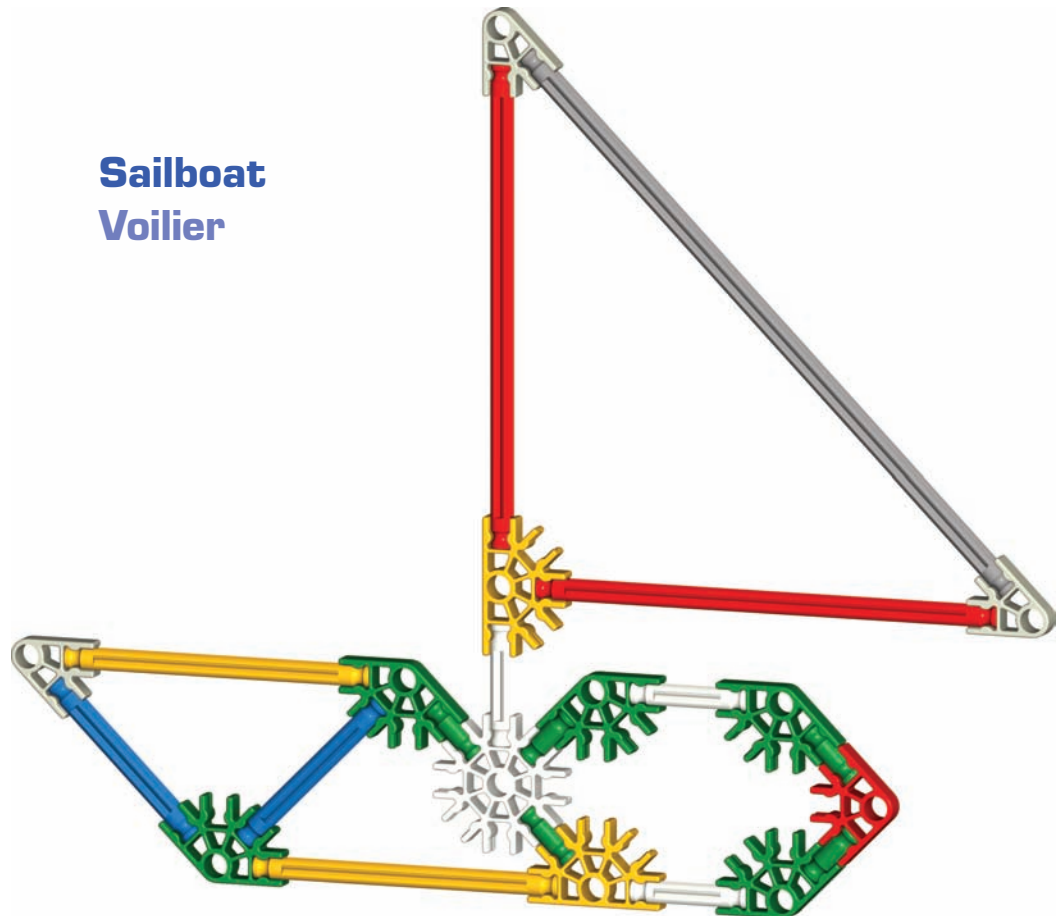

Hay conectores azules y grises con ranuras largas especiales. Se enganchan deslizándose como ves en los dibujos. Conecta estas piezas empujándolas hasta que oigas "clic".
