K'NEX Building Basics

Start Building

To begin your model, find step number 1 and follow the numbers. Each piece has its own shape and color. Look at the pictures, find the pieces that match what you see, and connect them together. It helps to face your model in the same direction as the instructions while you build. The arrows show you where the parts connect, but not all connection points have arrows. The faded color parts are the ones you have already put together.

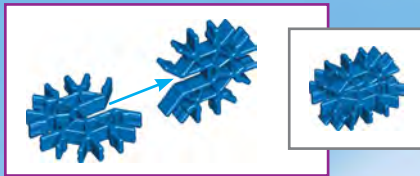

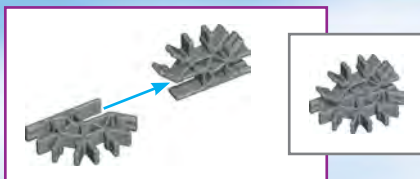

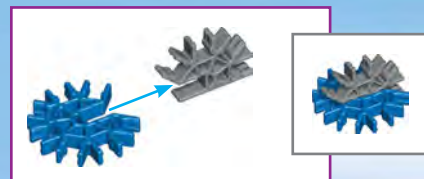

Spacers

There are places in your model where you need to use spacers. Be sure to use the correct number of spacers shown in the instructions.

Connectors

You can slide these special connectors together. Push tightly until you hear a "click". Pay close attention to the instructions and position them horizontally or vertically exactly as they are shown.

Parts List

Before you start building, be sure to compare the parts in your set with the parts listed here. If anything is missing, call or write to us using the information on the back cover. We're here to help!

ATTENTION : Tenez les élastiques en caoutchouc à l'écart du visage et des yeux.

Notions de Base K'NEX Pour Le Montage

Commence La Construction

Pour commencer ton modèle, trouve l'étape numéro 1 et suis les numéros. Chaque pièce a sa propre forme et sa propre couleur. Regarde les illustrations, trouve les pièces qui correspondent à ce que tu vois et assemble-les. Pour t'aider pendant que tu construis, oriente ton modèle dans le même sens que les instructions. Les flèches t'indiquent où les pièces s'assemblent, mais les points de raccordement n'ont pas tous des flèches. Les pièces de couleur délavée sont celles que tu as déjà assemblées.

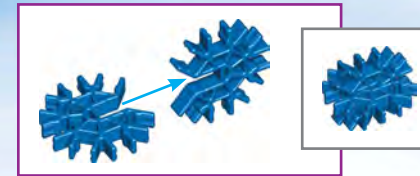

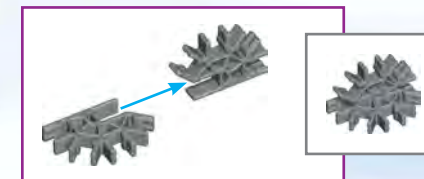

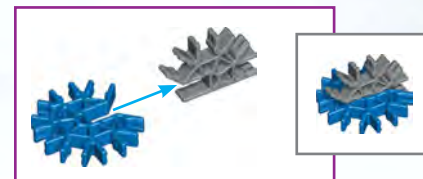

Espaceurs

Il y a des endroits sur ton modèle ou tu auras besoin de te servir d'espaceurs. Assure-toi d'utiliser la bonne couleur et le nombre d'espaceurs indiqué sur les instructions.

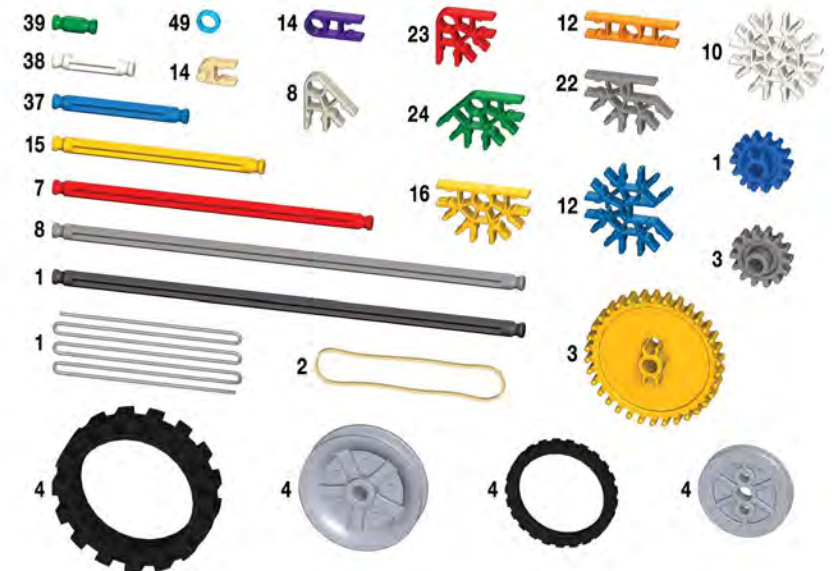

Connecteurs

Tu peux assembler ces connecteurs tout à fait uniques en les faisant glisser l'un avec l'autre. Pousse fort jusqu'à ce que tu entendes un « clic ». Lis les instructions attentivement et positionne-les horizontalement ou verticalement, en suivant exactement les illustrations.

Liste des Pièces

Avant de commencer à construire, assure-toi de comparer les pièces dans ta boîte à la liste de pièces fournie ici. S'il manque quelque chose, téléphone-nous ou écris-nous en te servant des informations figurant au verso de la notice. Nous sommes là pour t'aider !
