Service Information in the USA and Canada

If your K'NEX PowerPack™ does not work, try new batteries. If it still does not work, call us at 1-800-KID-KNEX (Monday thru Friday, 8:30 AM – 5:00 PM Eastern Standard Time).

Please do not return the K'NEX PowerPack to the store or catalog house where it was purchased; they will not be able to help you.

USA / GB: Each K'NEX piece has its own special color (colour) and shape; match it to pieces in the picture instructions. Put pieces together exactly as pictures show. Faced colors (colours) indicate sections previously built; points of attachment will be in full color (colour).

Colors (colours) of gears in Battery PowerPack may vary from colors (colours) shown.

Do not put small green rods in any openings of the Battery PowerPack; they will damage the motor, and cannot be removed.

F: Chaque élément K'NEX a une forme et une couleur qui lui sont propres. Faites correspondre et montez les éléments en vous conformant exactement aux instructions illustrées. Les couleurs plus claires correspondent aux sections déjà construites et les points de jonction sont indiqués en couleurs vives.

La couleur des roues dentées du bloc d'alimentation sur piles PowerPack peut ne pas correspondre exactement à la couleur des illustrations.

Ne placez aucune petite tige verte dans les ouvertures du bloc d'alimentation sur piles PowerPack où elle risquerait de se bloquer et d'endommager le moteur.

I: Ciascun pezzo di K'NEX ha un colore ed una forma diversi; far corrispondere ciascun pezzo al corrispettivo nelle istruzioni figurate. Montare i pezzi esattamente con riportato nelle figure. I colori schiatti indicano le sezioni già assemblate; i punti di collegamento sono illustrati a colori vivi.

I colori degli ingranaggi del PowerPack a batteria possono essere diversi da quelli riportati in figura.

Non inserire le astine verdi nelle aperture del PowerPack; ciò danneggia il motore e le astine rimarranno incastrate.

D: Jedes K'NEX-Stück hat seine eigene besondere Farbe und Form; finden Sie die entsprechenden Stücke in der illustrierten Anleitung. Setzen Sie die Stücke genau wie auf dem Bild dargestellt zusammen. Die farblich heller gekennzeichneten Teile zeigen bereits zusammengebaute Abschnitte an; die Anbringungspunkte sind in kräftigen Farben angegeben.

Die Farben der Zahnräder im batteriebetriebenen PowerPack können von den

abgebildeten Farben abweichen.

Keine kleinen grünen Stangen in die Öffnungen des Batteriebetriebenen PowerPack einsetzen; sie beschädigen den Motor und können nicht entfernt werden.

R: Cada pieza K'NEX tiene su propio color y forma particular; combinala con las piezas en las instrucciones ilustradas. Anma las piezas exactamente como se muestra en las ilustraciones. Los colores pálidos indican las secciones que ya se armaron y los puntos de conexión figurarán a todo color.

Los colores del engranaje en el PowerPack de baterías podían ser diferentes de los colores indicados.

No coloques las varillas verdes pequeñas en ninguna abertura del PowerPack de baterías ya que no las podrás sacar y podrían dañar el motor.

S: Varje bit i K'NEX har sin egen färg och sin egen form; matcha den med bitarna i illustrationen till instruktionerna. Sätt ihop bitarna precis som bilden visar. Mindre färgar anger sektioner som redan har byggts; monteringspunkterna kommer att vara i full färg.

Färgerna på kugghjulen i Battery PowerPack kan vara annorlunda än de färger som visas.

Sätt inte in de små gröna stängerna i någon öppning i Battery PowerPack; de skadar motorn och kan inte avlägsnas.

N: Hver K'NEX del har sin egen, spesielle farge og form, som skal koordineres med delene i bruksanvisningene med bilder. Delene må settes sammen akkurat slik som bildene viser. Bleke farger henviser til seksjoner som har blitt bygget tidligere; festpunktene vil bli fremvist i sterke farger.

Färgene på girene i Battery PowerPack kan eventuelt være annerledes enn de fargene som vises.

De små røde stengene må ikke stikkes inn i noen av åpningene på Battery PowerPack, da dette kan medføre skade på motoren, og de kan ikke fjernes.

DK: Hvert K'NEX stykke har sin egen særlige farve og facon. Afpas stykket med vejledningerne på billedet. Sæt stykkerne sammen nøjagtigt som billederne viser. Nedtonede farver indikerer afsnit, som allerede er sat sammen; samlingspunkter vises i fuld farve.

Färgene på gear i Battery PowerPack kan avvike fra de viste färger.

De små grønne stænger må ikke stikkes i nogen af åbnngerne på Battery PowerPack. De kan ødelægge motoren og kan ikke læges ud.

SP: Ikkaise la K'NEX-osalla on oma värisä ja muunmsä; sovita se kuvan ohjeiden mukaan. Pane palaset yhteen kuvien osoittamalla tavalla. Healistuneet värit osoittavat aikaisemmin rakennettuja osia; liitintäkohdat ovat täysvärisiä.

PowerPack hammasyöpyren värit voivat erota näyetyistä värisistä.

Älä pane pieniä vihreitä sauvoja mihinkään PowerPack reikään; ne vahingoittavat moottoria eikä niitä voi poistaa.

NL: Elk K'NEX onderdeel heeft zijn eigen speciale kleur en vorm; vergelijk ze met de onderdelen in de instructie-afbeeldingen. Zet de onderdelen precies volgens de afbeeldingen in elkaar. De vaak gekleurde gedeeltes zijn al eerder gebouwd; de bevestigingspunten zijn in volle kleur weergegeven.

De kleuren van de tandwielen in het PowerPack kunnen verschillen van de kleuren in de afbeeldingen.

Plaats geen groene staafjes in openingen van het PowerPack; zij zullen de motor beschadigen en kunnen niet worden verwijderd.

P: Cada uma das peças K'NEX possui uma cor e forma próprias; compare-as com as peças apresentadas nas instruções. Monte as peças exactamente como indicado nas fotografias. As cores mais esbaltadas identificam as secções já construídas; os pontos de encaixe aparecem em cores vivas.

As cores dos engranagens no Battery PowerPack poderão diferir das apresentadas.

Não introduza as pequenas hastes de cor verde nos orifícios do Battery PowerPack; estas danificarão o motor e não poderão ser removidas.

G: Κάθε κομμάτι έχει το δικό του χρώμα και σχήμα και να το ταξινομείτε με τα κομμάτια που βλέπετε στις οδηγίες. Συνδέστε τα κομμάτια όπως φαίνεται δείχνουν οι οδηγίες. Τα ελαττωμένα χρώματα δείχνουν τα τμήματα που έχουν ήδη κατασκευαστεί. Τα σημεία σύνδεσης

φαινομένου με το ίδιο χρώμα χρώμα.

Τα χρώματα των οδοντωτών τροχών στο Battery PowerPack μπορεί να διαφέρουν από τα χρώματα που φαίνονται στο σχήμα.

Μην βάζετε τις μικρές πράσινες ράβδους στα ανοίγματα του Battery PowerPack γιατί προσολερών ζημιές στη μηχανή και δεν βγαίνουν.

TR: Her K'NEX parçaları ayrı bir şekli ve fonksiyonu olmaktadır. Parçaları ayrı renklerde gösterildiği gibi birleştirin. Sıkık renkler daha önceden monte edilmiş kısımları gösterir; birleştirilmeleri için gerekli noktalar tüm renklerle gösterilmiştir.

PowerPack dişli çarkları katalogta gösterilen renklerden farklı olabilir.

Küçük yeşil çubukları PowerPack dişli çarklarına sokmayın; onları motora basarsanız, lez ve sonra da çıkartmanız mümkün değildir.

J: K'NEXの各部品は、それぞれカラーや形状が異なります。各部品を説明図に照らし合わせて確認してください。部材は図にしたがって正しく組み合わさってください。薄いカラーで表示されている部分は、すでに組み立てられた部分です。接続する部分は、実際のカラーで表示されています。

Battery PowerPackのギアは、図のカラーと異なる場合があります。

グリーンの小さいロッドはBattery PowerPackの歯車部に差し込まないでください。これらのロッドはモーターを破損し、取り外しができません。

EMI: 每一片 K'NEX 塑膠的顏色和形狀皆不同；請依圖片指示拼裝。完成品須與圖示一模一樣。淺色處表示先前已拼好，連接處則以鮮明顏色標示。

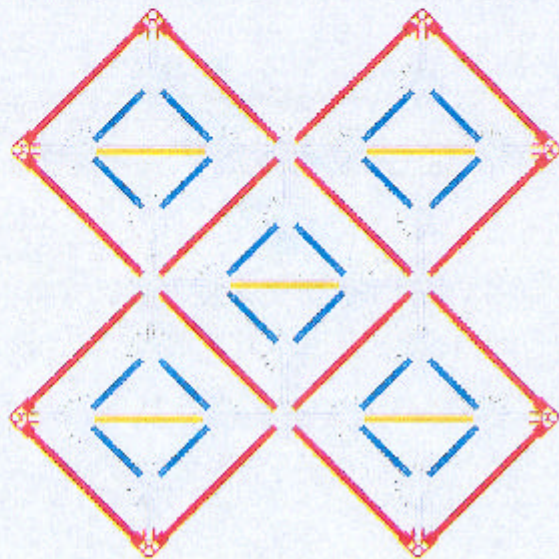

玩具組裝顏色與目錄所示或有差異，勿將小的綠桿放在玩具組的任何開口，一旦安裝便不能去除，而且還會損害馬達。

IL: מכל פרט יש צורה וצבע K'NEX שיש להם כולל שיש להם צבעים שונים. השתמשו בצבעים שציינו בציורים כדי לדעת היכן להרכיב את הפרטים. הצבעים הבהירים מציינים את החלקים שכבר הוכנו. הנקודות להרכיב מוצגות בצבעים חיים.

הצבעים של הרוטות ב-Battery PowerPack יכלו להיות שונים מאלו שציינו בציורים. הצבעים הבהירים מציינים את החלקים שכבר הוכנו. הנקודות להרכיב מוצגות בצבעים חיים. אל להכניס את הרוטות הירוקות הקטנות לתוך פתחי ה-Battery PowerPack; הן יפגעו במנוע ויחייבו את המנוע להחליף.
