Start Building

To begin your model, find the **1** and follow the numbers. Each piece has its own shape and color. Just look at the pictures, find the pieces in your set that match and then connect them together. Try to face your model in the same direction as the instructions while you build. The arrows show you where the parts connect, but not all connections points have arrows. Faded colors show you this section is already built.

Démarre ta Construction

Pour commencer le modèle, cherche l'étape numéro **1** et suis les numéros dans l'ordre. Chaque pièce a sa propre forme et sa propre couleur. Regarde les illustrations, trouve les pièces qui y correspondent et les assemble-les. Pour te faciliter la tâche, oriente le modèle dans le même sens que les instructions. Les flèches indiquent où les pièces s'assemblent, mais les points de raccordement n'ont pas tous des flèches. Les pièces ayant une couleur estompée sont celles déjà assemblées.

Connectors

You can slide these special connectors together. Push tightly until you hear a "click". Pay close attention to the instructions and position them horizontally or vertically exactly as they are shown.

Spacers

There are places in your model where you need to add spacers. Be sure to use the correct number of spacers shown in the instructions.

Séparateurs

Il y a des endroits sur le modèle où des séparateurs sont nécessaires. Assure-toi d'utiliser la bonne couleur et le nombre de séparateurs, comme indiqué sur les instructions.

PONTOS BÁSICOS PARA A CONSTRUÇÃO K’NEX

Inicia a construção

Para começar o teu modelo, procura o 1 e segue os números. Cada peça tem a sua própria forma definida e cor. Basta simplesmente olhares para a ilustração, procurar as peças do teu jogo correspondentes às que estás a ver e, em seguida, conectar umas nas outras. Enquanto estás a montar as peças, tenta manter o teu modelo na mesma direcção, conforme mostrado na ilustração, para assim ligares as peças correctamente. As cores desbotadas indicam que esta secção já está montada. Passarás então a fazer a conexão da nova secção no local indicado pelas setas.

Conectores

É muito importante que posiciones os conectores numa direcção específica. Junta as partes simultaneamente e com firmeza até ouvires um “estalido”. Presta muita atenção às instruções e coloca estes conectores horizontal ou verticalmente, exactamente conforme se mostra nas ilustrações.

Espaçadores

Existirão certos pontos no teu modelo que necessitam a colocação de espaçadores. Assegura-te que os contas cuidadosamente.

Om met je model te beginnen, vind eerst het nummer 1 en volg de nummers. Elk stuk heeft zijn eigen vorm en kleur. Kijk gewoonweg naar de afbeeldingen, vind de overeenstemmende stukken terug in je geheel en maak ze aan mekaar vast. Tracht je model in dezelfde richting te plaatsen als de aanwijzingen terwijl je bouwt en monteert. De vervaagde kleuren duiden aan dat dit deel reeds is opgebouwd. Gelieve het nieuwe deel vast te koppelen op de plaats aangeduid door de pijlen.
