BUILDING BASICS

Start Building

To begin your model, find the **1** and follow the numbers. Each piece has its own shape and color. Just look at the pictures, find the pieces in your set that match and then connect them together.

Try to face your model in the same direction as the instructions while you build. Faded colors show you this section is already built. You'll want to connect the new section to the place where the arrows are pointing.

ATTENTION : Les élastiques peuvent claquer, se casser, ou passer hors de ton contrôle, et de ce fait blesser. Lorsque tu assembleras les modèles indiqués dans les instructions, tiens bien l'élastique, et ne tire pas trop dessus. N'utilise des élastiques que comme l'indiquent ces instructions. **N'UTILISE PAS D'ÉLASTIQUES QUI S'EFFILOCHENT OU QUI SONT DÉCHIRÉS.** **ATTENTION :** Tiens les élastiques à l'écart du visage et des yeux.

Notions de base K'NEX pour le montage

Commence la construction

Pour commencer ton modèle, trouve le 1 et suis les chiffres. Chaque pièce a sa propre forme et sa propre couleur. Il suffit de regarder les illustrations pour retrouver les pièces correspondantes dans le jeu et de les connecter ensemble. Essaie de situer ton modèle dans le même sens que les instructions durant le montage. Les couleurs dégradées indiquent que cette section est déjà montée. Tu dois connecter la section suivante à l'endroit indiqué par les flèches.

Connecteurs

Il y a des connecteurs bleus et argentés comportant de longues fentes. Ils s'ajustent l'un dans l'autre comme l'indique l'illustration. Pousse ces pièces ensemble jusqu'à ce que tu entendes un "clic".

PRECAUCIÓN: Las gomas elásticas pueden causar heridas si se estiran y luego se sueltan bruscamente, si se quiebran o se usan sin control. Cuando armes los modelos que se ven en las instrucciones, sujeta fuertemente la goma elástica, y no la estires demasiado. Usa las gomas elásticas solamente como se muestra en estas instrucciones. **NO SE DEBEN USAR GOMAS ELÁSTICAS QUE SE VEN DESGASTADAS O ROTAS.**

PRECAUCIÓN: Las gomas elásticas no deben usarse cerca de la cara o los ojos.

Consejos básicos de construcción de K'NEX

Empieza a construir

Para comenzar tu modelo, busca el 1 y sigue los números. Cada pieza tiene su propia forma y color. Simplemente mira los dibujos, busca las piezas correspondientes en tu juego y después conéctalas. Mientras construyes, trata de colocar tu modelo en la misma dirección que se muestra en las instrucciones. Los colores desdibujados muestran que esta sección ya está construida. Conecta las nuevas secciones en los lugares señalados por las flechas. Las nuevas piezas que agregues estarán en colores vivos.

Conectores

Hay conectores azules y plateados con ranuras largas especiales. Se enganchan deslizándose como ves en los dibujos. Conecta estas piezas empujándolas hasta que oigas "clic".

VORSICHT: Gummibänder können Verletzungen verursachen. Sie können zurückschnellen, brechen oder außer Kontrolle geraten. Während des Zusammenbaus der Modelle anhand der Abbildungen sollte das Gummiband immer festgehalten, aber nicht überdehnt werden. Behandle die Gummibänder immer so wie in dieser Anleitung gezeigt. **KEINE AUSGEFRANSTE ODER GERISSENE GUMMIBÄNDER VERWENDEN.**

VORSICHT: Halte die Gummibänder entfernt vom Gesicht und von den Augen.

Grundlegende Bauanleitungen für K'NEX

Los geht's mit dem Bauen

Um mit dem Bauen deines Modells zu beginnen, suche die Nummer 1 und folge den laufenden Nummern. Jedes Teil hat seine eigene Form und Farbe. Schau dir einfach die Abbildungen an, such die Teile in deinem Bausatz,

die so aussehen wie das, was du auf der Abbildung siehst und steck sie ineinander. Versuche, dein Modell beim Zusammenbauen so zu orientieren, dass es in die gleiche Richtung weist, wie es in den Anleitungen beschrieben und gezeigt wird. Blasse Farben weisen darauf hin, dass dieser Streckenabschnitt bereits zusammengebaut ist.

Steckanschlüsse

Blaue und silberfarbene Steckanschlüsse haben besonders lange Schlitzte. Wie du auf der Abbildung sehen kannst, lassen sie sich ineinander schieben. Achte beim Aneinanderfügen dieser Teile darauf, dass du ein Klickgeräusch hörst. Erst dann sind die Teile fest miteinander verbunden.

ATTENZIONE: gli elastici possono causare lesioni quando si rompono o tornano indietro o se ne perde il controllo. Durante l'assemblaggio dei modelli illustrati nelle istruzioni, tenere gli elastici saldamente e non tirarli troppo. Usare gli elastici solo come illustrato nelle istruzioni. **NON USARE ELASTICI CONSUMATI O LACERATI.** **ATTENZIONE:** Tenere gli elastici lontani dal viso e dagli occhi.

Istruzioni di base per costruire con K'NEX

Comincia a costruire

Per iniziare il modello, cerca il numero 1 e segui i numeri. Ogni pezzo ha una sua forma e un suo colore. Guarda la figura, trova i pezzi corrispondenti nel set e mettili insieme. Cerca di tenere il modello nella stessa direzione della figura e in tal modo sarà più semplice attaccare i pezzi nei posti giusti. I colori spenti ti dicono che questa sezione è già stata costruita. Dovrai collegare la nuova sezione al punto indicato dalla punta della freccia.

Connettori

È molto importante posizionare i connettori blu e argento in una specifica direzione. Presta molta attenzione alle istruzioni e posiziona i connettori orizzontalmente o verticalmente proprio come illustrato. Spingi con forza fino ad udire un clic.

CUIDADO: As bandas elásticas podem causar lesões quando se quebram ou ressaltam repentinamente ou quando se perde o controle. Quando montares os modelos mostrados nestas instruções, segura na banda elástica firmemente, e não estiques demasiadamente. Usa as bandas elásticas apenas conforme mostrado nestas instruções. **NÃO USES BANDAS ELÁSTICAS GASTAS OU COM RASGOS.** **CUIDADO:** Mantém as bandas elásticas afastadas da face e dos olhos.

Pontos básicos para a construção K'NEX

Inicia a construção

Para começar o teu modelo, procura o 1 e segue os números. Cada peça tem a sua própria forma definida e cor. Basta simplesmente olhares para a ilustração, procurar as peças do teu jogo correspondentes às que estás a ver, em seguida, conectar umas nas outras. Enquanto estás a montar as peças, tenta manter o teu modelo na mesma direção, conforme mostrado na ilustração, para assim ligares as peças correctamente. As cores desbotadas indicam que esta secção já está montada. Passarás então a fazer a conexão da nova secção no local indicado pelas setas.

Conectores

É muito importante que posições os conectores azuis e cor de prateados numa direção específica. Presta muita atenção às instruções e coloca estes conectores horizontal ou verticalmente, exactamente conforme se mostra nas ilustrações. Junta as partes simultaneamente e com firmeza até ouvires um "estalido".

OPGEPAST: Elastiekjes kunnen pijn of blessures veroorzaken wanneer ze terugspringen of breken of wanneer ze niet goed beheerst worden. Wanneer de in de aanwijzingen afgebeelde modellen worden in mekaar gestoken, moet het elastiekje strak gehouden worden en niet overmatig uitgerekt worden. Gebruik elastiekjes uitsluitend zoals afgebeeld in deze aanwijzingen. **GEBRUIK GEEN GERAFELDE OF GESCHOURDE ELASTIEKJES.**

OPGEPAST: Hou elastiekjes verwijderd van het gezicht en de ogen.

Basisstappen voor K'NEX bouwen

Begin te bouwen

Om met je model te beginnen, vind eerst het nummer 1 en volg de nummers. Elk stuk heeft zijn eigen vorm en kleur. Kijk gewoonweg naar de afbeeldingen, vind de overeenstemmende stukken terug in je geheel en maak ze aan mekaar vast. Tracht je model in dezelfde richting te plaatsen als de aanwijzingen terwijl je bouwt en monteert. De vervaagde kleuren duiden aan dat deel reeds is opgebouwd. Gelieve het nieuwe deel vast te koppelen op de plaats aangeduid door de pijlen.

Koppelstukken

Er zijn blauwe en zilveren koppelstukken met speciale lange gleuven. Ze schuiven in mekaar zoals je kunt zien op de afbeeldingen. Duw deze onderdelen in mekaar tot je een "klik" hoort.

Mens man samler modellen, som vises i brugsanvisningen, skal man holde elastikken stramt fast uden at strække den for meget. Anvend kun elastikker iflg. illustrationen i disse anvisninger. **UNDLAD AT BRUGE ELASTIKKER, DER ER FLOSSEDE ELLER ITU. FORSIGTIG:** Hold elastikkerne væk fra ansigt og øjne.

K'NEX bygningsprincipper

Bygnd at bygge

Hver del har sin egen farve og form. Se på billedet, find de dele, der matcher, og sæt dem sammen. Prøv at holde din model i samme retning som billedet, så du kommer til at sætte delen fast på den rette plads. De faldede farver er de afsnit, du allerede har bygget. Du skal samle de næste dele på det sted, som pilene peger på. Der findes ikke nogen pil for hvert eneste samlingssted.

Samestykker

Der er blå og sølvfarvede samestykker med særlige lange slidser, som skydes sammen. Skub delene sammen, indtil du hører et "klik".

(NO) Norsk

FORSIKTIG: Strikk kan forårsake skade ved tilbakesmell, om den ryker eller kommer ut av kontroll. Hold strikken godt og pass på ikke å overstrekke den når du setter sammen modellen som vises i veiledningen. Bruk strikk bare som vist i denne veiledningen. **BRUK IKKE TYNNSLITTE ELLER REVNE STRIKKER. FORSIKTIG:** Hold strikk unna ansikt og øyne.

Forsøk å holde modellen din i samme retning som bildet slik at stykket festes til det rette stedet. Det bleke fargene er de seksjonene som du allerede har bygget. Du skal feste de neste delene der hvor pilene peker. Det finnes ikke en pil for hvert skjøtepunktsted.

Skjøtemunnstykker

Det er blå og sølvfargede skjøtemunnstykker med spesielt lange åpninger, som glir sammen. Skyv delene sammen inntil du hører et klikk.

ARO! Kuminauhat voivat aiheuttaa vammoja mikäli ne pompahtavat takaisin, katkeavat tai jos niiden hallinta menetetään. Kootessasi ohjeissa näkyvää mallia, pidä kuminauhaa tukevasti äläkä taivuta sitä liikaa. Käytä kuminauhvoja vain ohjeissa esitetyllä tavalla. **ÄLÄ KÄYTÄ KULUNEITA TAI VAUROITUNEITA KUMINAUHOJA. VARO!** Pidä kuminauhat loitolla kasvoista ja silmistä.

K'NEX perusrakennusohjeita

Aloita rakentaminen

Jokaisella osalla on oma värinsä ja muotonsa. Katso kuvaa, etsi käisiisi toisiinsa sopivat palat ja pane ne yhteen. Yritä pitää mallisi samassa suunnassa kuin kuvassa jotta varmasti kiinnität osan oikeaan kohtaan. Haaleat värit osoittavat rakenteita, jotka olet jo tehnyt. Liitä seuraavat osat nuiolin osoittamiin kohtiin. Nuolia ei ole jokaisessa liitäntäkohdassa.

Liittimet

Sarjassa on sinisiä ja hopeanvärisiä liittimiä, joissa on erityisen pitkiä aukkoja, jotka työnnetään toisiinsa. Työnnä osat yhteen kunnes kuulet napahduksen.
