Building with K'NEX

“Hi! I'm your K'NEX co-pilot! Need help... I'm here! Look for me to guide you as you select models with the right level of challenge. Or keep an eye out for me where the building details may get tricky.”

**FRIENDLY
CHALLENGE**

CHALLENGE**

READY, SET, BUILD

To begin your model, find the  and follow the numbers. Each piece has its own shape and color. Just look at the picture, find the pieces in your set that match what you see, and snap them together. Try to hold your model in the same direction as in the picture so you'll attach your pieces to the right place.

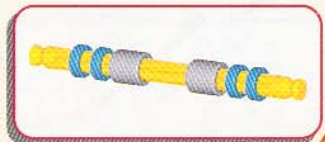

MOVIN' ON

The faded colors tell you this section is already built. You'll want to connect the new section to the place where the arrows are pointing. This piece will be in full color.

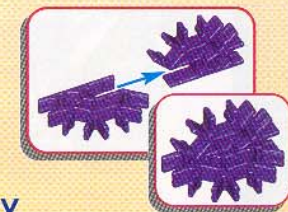

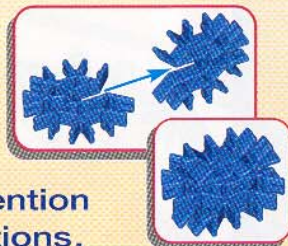

SPACERS

There are places in your model where you need to add blue and silver Spacers. Be sure to count them carefully.

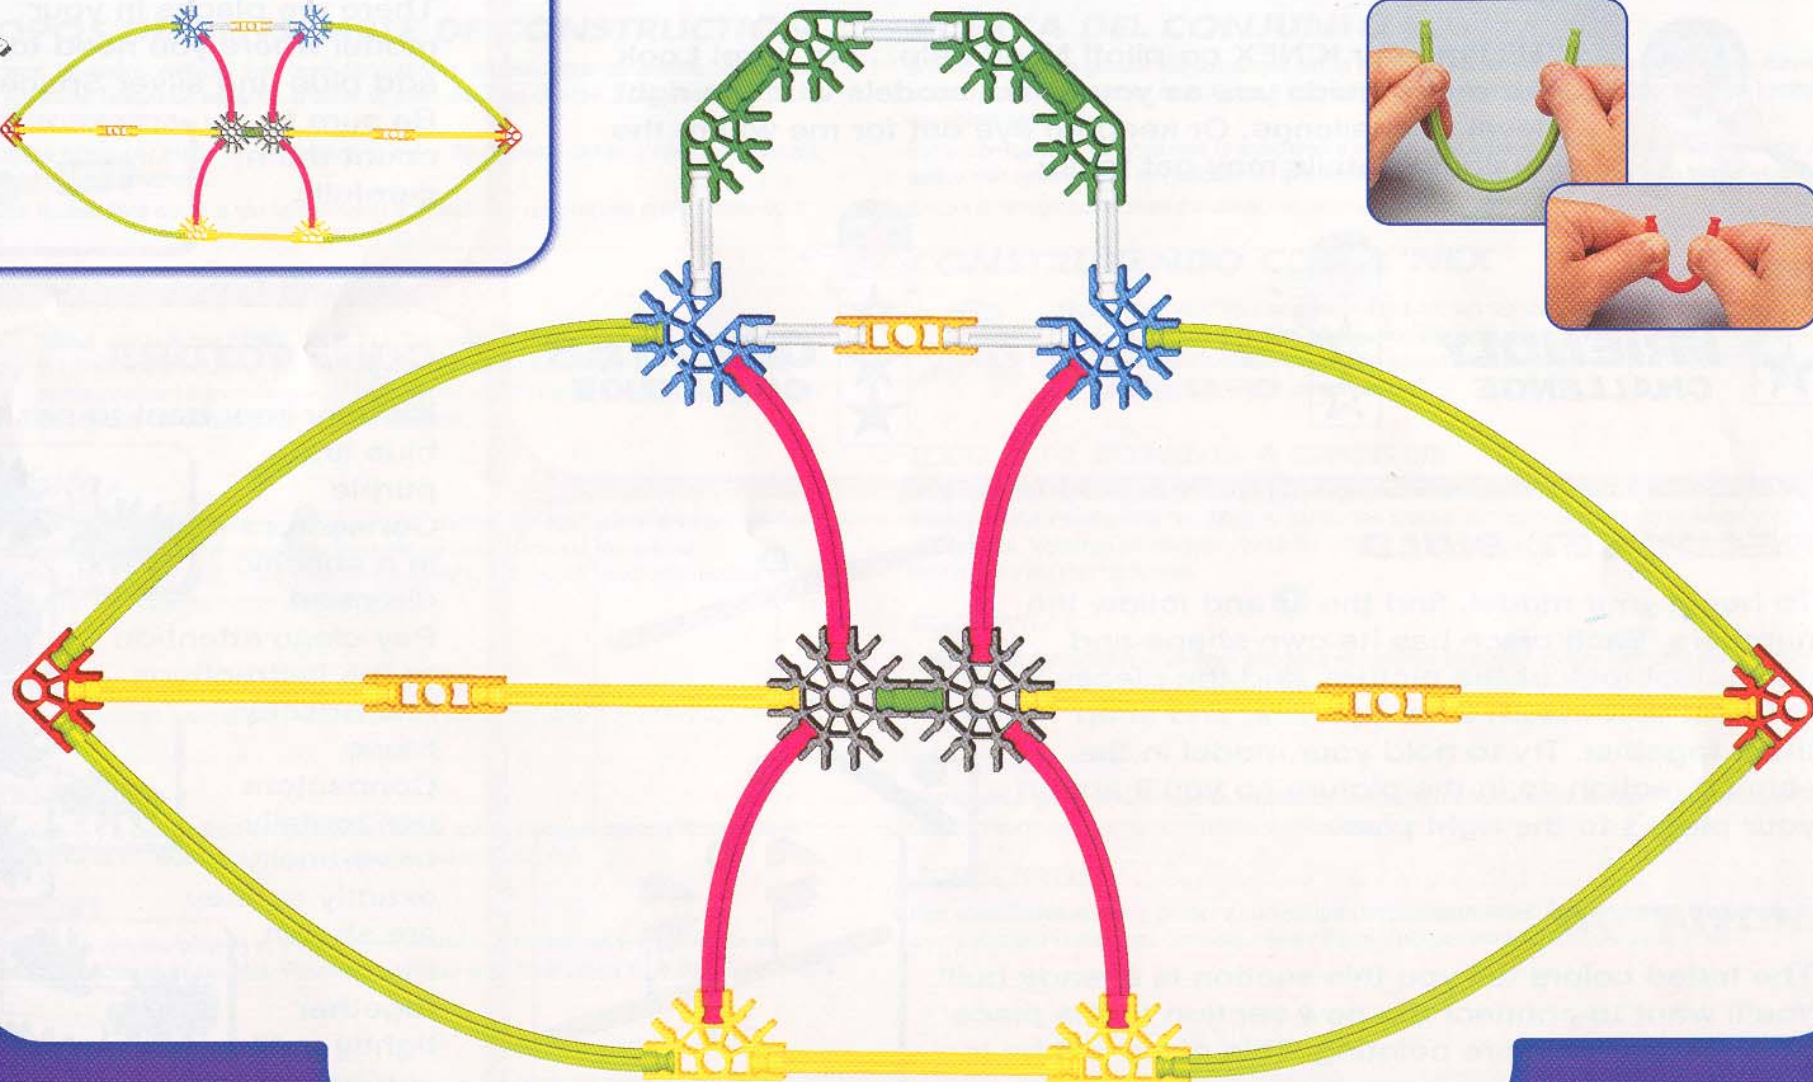

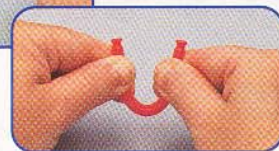

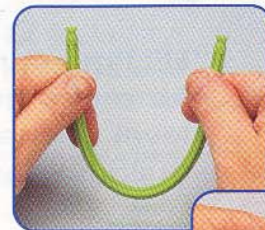

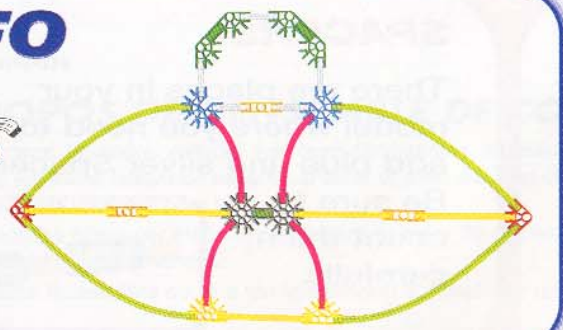

CONNECTORS

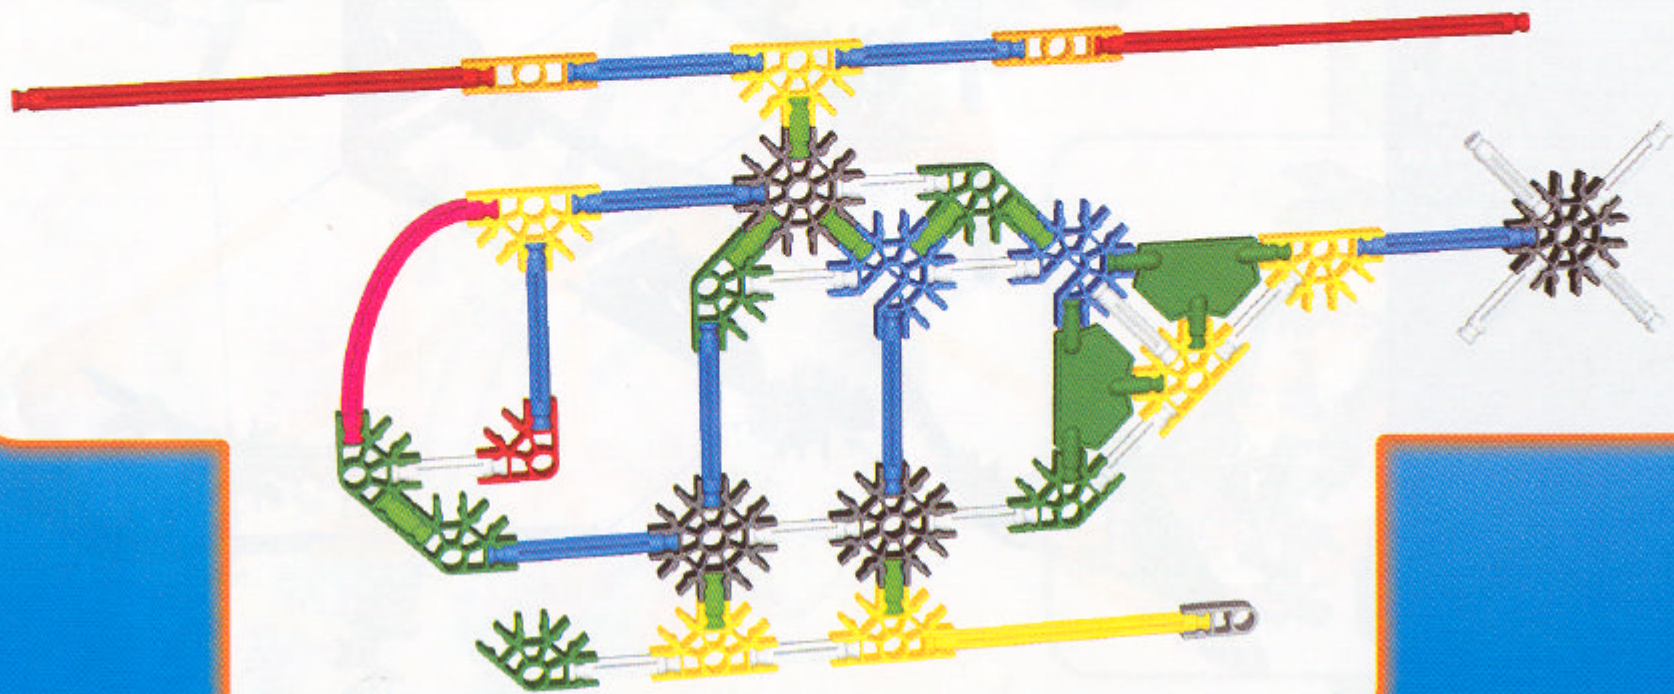

It's very important to position blue and purple Connectors in a specific direction. Pay close attention to the instructions, and position these Connectors horizontally or vertically exactly as they are shown. Push together tightly until you hear a “click”.

À PROPOS DE L'ENSEMBLE DE CONSTRUCTION

Tu aimes, donc, les belles voitures, les roues étincelantes, les machines de course, les engins qui volent, les trains faisant un vacarme d'enfer et plein d'autres choses ? Cet ensemble de construction est vraiment pour toi !

Ces instructions étape par étape te permettent de créer 20 modèles dotés d'ailes ou de roues qui TE mettent aux commandes!

Tu peux aussi laisser libre cours à ton imagination et construire tes propres engins ailés ou à roues !

CONSTRUIRE AVEC K'NEX

"Salut. Je suis ton K'NEX copilote ! Si tu as besoin d'un coup de main... Je suis là ! Cherche-moi que je puisse te guider et t'aider à sélectionner les modèles correspondant à ton niveau. Ou bien essaie de me repérer lorsque tu rencontres des détails de construction un peu épineux."

PRÊT À MONTER

Pour commencer ton modèle, trouve le  et suis les chiffres. Chaque pièce a sa propre forme et sa propre couleur. Il suffit de regarder les illustrations pour retrouver les pièces correspondantes dans le jeu et de les connecter ensemble. Essaie de situer ton modèle dans le même sens que les instructions durant le montage.

SUITE...

Les couleurs dégradées indiquent que cette section est déjà montée. Tu dois connecter la section suivante à l'endroit indiqué par les flèches. Les nouvelles pièces ajoutées auront une couleur vive.

ENTRETOISES

Dans ton modèle, il y a des endroits où il faudra ajouter des entretoises bleues et argentées. Assure-toi d'utiliser la couleur correcte et compte-les soigneusement.

CONNECTEURS

Tu trouveras des connecteurs bleus et violets comportant des fentes extra-longues. Ils se glissent l'un dans l'autre tel qu'illustré. Pousse les pièces ensemble jusqu'à ce que tu entendes un "déclit".

ACERCA DEL CONJUNTO

Entonces, ¿a ti te gustan los autos que están en onda, autos fantásticos, máquinas de carrera, cosas que vuelan, trenes resistentes y más aún? ¡Este conjunto de construcción está hecho especialmente para ti!

Éstas completas instrucciones te ayudarán a crear, paso a paso, veinte diferentes modelos con alas o con ruedas, que te pondrán en el asiento del conductor, y te ayudarán a lograr el éxito. ¡O usa tu imaginación para construir tus propias creaciones!

CONSTRUYENDO CON K'NEX

"Hola. ¡Soy tu K'NEX copiloto! Si necesitas ayuda...¡aquí estoy! Búscame para que te guíe mientras eliges modelos que corresponden al nivel de tus capacidades. O estate seguro de encontrarme cuando encuentres detalles de la construcción más complicados."

TODO LISTO, COMIENZA A CONSTRUIR

Para comenzar tu modelo, busca el  y sigue los números. Cada pieza tiene su propia forma y color. Simplemente mira los dibujos, busca las piezas correspondientes en tu juego y después conéctalas. Mientras construyes, trata de colocar tu modelo en la misma dirección que se muestra en las instrucciones.

CONTINÚA

Los colores desteñidos muestran que esta sección ya está construida. Conecta las nuevas secciones en los lugares señalados por las flechas. Las nuevas piezas que agregues estarán en colores vivos.

ESPACIADORES

Hay lugares en tu modelo donde tendrás que agregar Espaciadores azules y plateados. Cerciórate de usar el color correcto y cuéntalos con cuidado.

CONECTORES

Hay conectores azules y púrpura con ranuras largas especiales. Se enganchan deslizándose como ves en los dibujos. Conecta estas piezas empujándolas hasta que oigas "clic".

ÜBER DIESEN BAUSATZ

Magst du coole Autos, rutschende Räder, Rennmaschinen, alles was fliegen kann, Züge und mehr? Dieser Bausatz ist genau für dich!

Diese vollständige Anleitung beschreibt alle Schritte zum Bauen von 20 verschiedenen Modellen mit Flügeln oder Rädern, bei denen DU die Kontrolle hast!

Du kannst auch deine Fantasie einsetzen und eigene Modelle mit Flügeln und Rädern bauen!

BAUEN MIT K'NEX

"Hallo! Ich bin dein K'NEX Copilot! Ich helfe dir jederzeit! Zum Beispiel bei der Auswahl der Modelle mit dem richtigen Schwierigkeitsgrad. Oder schau einfach nach mir, wenn das Bauen der Modelle zu schwierig wird."

AUF DIE PLÄTZE, FERTIG, LOS! DAS BAUEN BEGINNT

Um mit dem Bauen deines Modells zu beginnen, suche die Nummer  und folge den laufenden Nummern. Jedes Teil hat seine eigene Form und Farbe. Schau dir einfach die Abbildungen an, such die Teile in deinem Bausatz, die so aussehen wie das, was du auf der Abbildung siehst und steck sie ineinander. Versuche, dein Modell beim Zusammenbauen so zu orientieren, dass es in die gleiche Richtung weist, wie es in den Anleitungen beschrieben und gezeigt wird.

UND WEITER GEHT'S

Blasse Farben weisen darauf hin, dass dieser Streckenabschnitt bereits zusammengebaut ist. Der neue Streckenabschnitt wird dort befestigt, worauf die Pfeile deuten. Die neuen Teile, die du anbaust, sind knallbunt angezeigt.

ABSTAND HALTEN

An bestimmten Stellen in deinem Modell musst du Abstandshalter, sogenannte Spacer, einbauen. Diese Abstandshalter sind blau und silberfarben. Achte darauf, dass du die richtige Farbe wählst und dass du die richtige Anzahl davon verwendest.

VERBINDUNGSTÜCKE

Blaue Steckanschlüsse haben besonders lange Schlitz. Wie du auf der Abbildung sehen kannst, lassen sie sich ineinander schieben. Achte beim Aneinanderfügen dieser Teile darauf, dass du ein Klickgeräusch hörst. Erst dann sind die Teile fest miteinander verbunden.

AANGAANDE HET GEHEEL

Zodus, je houdt van coole wagens, knappe wielen, renwagens, dingen die vliegen, hardwerkende treinen en zo voort? Dit bouwgeheel is speciaal voor jouw.

Deze volledige stap voor stap aanduidingen laten je toe 20 verschillende modellen met vleugels of met wielen te bouwen die jou aan het stuur zetten op weg naar succes.

Of maak gebruik van je verbeelding om je eigen creaties met vleugels of met wielen te bouwen.

BOUWEN MET K'NEX

"Groetjes. Ik ben je K'NEX co-piloot. Heb je hulp nodig ... Hier ben ik dan. Kijk naar me uit voor inlichtingen wanneer je modellen kiest met de gepaste moeilijkheidsgraad. Of kijk naar me uit wanneer de opbouwdetails een beetje ingewikkeld worden."

KLAAR OM TE BOUWEN

Om met je model te beginnen, vind eerst het nummer  en volg de nummers. Elk stuk heeft zijn eigen vorm en kleur. Kijk gewoonweg naar de afbeeldingen, vind de overeenstemmende stukken terug in je geheel en maak ze aan mekaar vast. Tracht je model in dezelfde richting te plaatsen als de aanwijzingen terwijl je bouwt en monteert.

VERDER NOG ...

De vervaagde kleuren duiden aan dat dit deel reeds is opgebouwd. Gelieve het nieuwe deel vast te koppelen op de plaats aangeduid door de pijlen. De nieuwe delen die je toevoegt verschijnen in volle kleur.

TUSSENSTUKKEN

In je model zijn er plaatsen waar blauwe en zilveren tussenstukken moeten toegevoegd worden. Verzeker je ervan de juiste kleur te gebruiken en tel ze zorgvuldig.

KOPPELSTUKKEN

Er zijn blauwe en purper koppelstukken met speciale lange gleuven. Ze schuiven in mekaar zoals je kunt zien op de afbeeldingen. Duw deze onderdelen in mekaar tot je een "klik" hoort.
